JOURNEY OF A POSTCARD

Follow the process of posting a postcard from the highest post box in Australia.

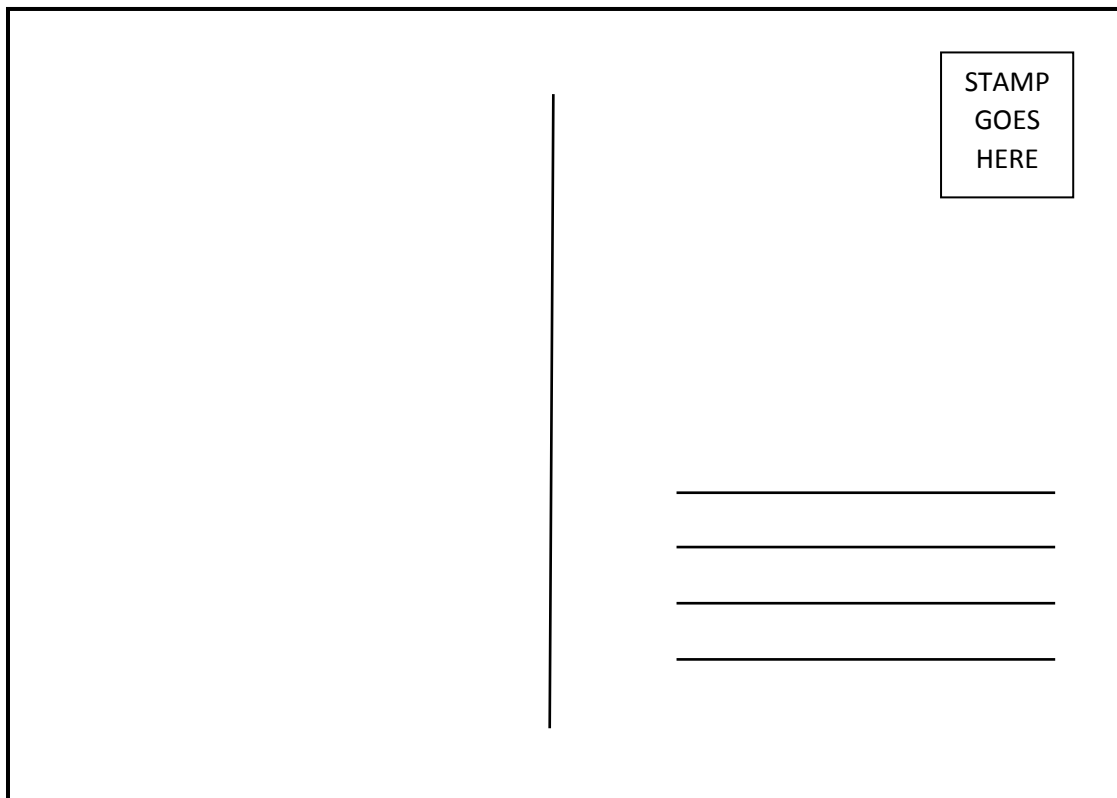

Before your visit to the Eureka Skydeck, print the postcard template on card or thick paper for the number of students you have.

Students can write their address or a friend's address on the postcard and place a stamp in the corner before arriving. *Please note that Eureka Skydeck does not provide stamps for this activity. Stamps can be purchased from the Skydeck if prior notice is provided.*

Get students to draw their favourite view of the city on the front of the postcard before they send it off.

Students will need to bring:

- Coloured Pencils
- Led Pencils or Pens
